

The doctors and staff at St. Louis Cat Clinic appreciate the trust our new and established clients have placed in us over the last few years. We know leaving your cat at our door and waiting outside has been stressful for some. We remain committed to protecting both you and your families as well as ours and will continue to employ the same socially-distanced service we have since the beginning of this year.

As more people become fully vaccinated, we realize many may be anxious to meet the doctor treating your pet face-to-face (some for the first time). We are now allowing fully vaccinated clients into the building with their pet for exams.

Only one owner per pet will be allowed inside (except in specific situations). Clients will be required to wear a mask at all times while in the building and all staff will wear masks as well.

IF YOU ARE FULLY VACCINATED AGAINST COVID-19, would you prefer to come inside with your cat or remain outside and utilize our safe, no contact procedures?

- A) I would prefer to continue receiving social-distanced service and remain outside during my cat's appointment.
- B) I would like to come inside with my cat.

Thank you for allowing us to help you care for your kitty! We want to make this as speedy and quick of a visit for your kitty as possible so they can get back home and back to their normal activities. In order to help us accomplish this for your kitty, please read over and answer the following questions. Please write on form and email back to us at [customerservice@stlouiscatclinic.com](mailto:customerservice@stlouiscatclinic.com) OR print it out, fill in the answers and bring it with you to your appointment.

Name:

Date:

#### DURING THE VISIT

- Please write the best contact phone number to reach you at during the visit below:  
PHONE NUMBER:
- We will be calling you several times during the visit, possibly from a blocked/private number. Please answer this call as it will save you and your kitty time! We will call after the physical exam, go over any additional questions we may have, and discuss our recommendations. We will also call you to check out, which will be done with a credit card number over the phone.
- Please wait here in the parking lot during the visit, unless told specifically by a member of the staff that you are free to leave.

Thank you for helping us to make this a quick and happy visit for your feline friend!

**We require 24 hours notice for cancellations. That way we have that time available to help another sick kitty. Please call to cancel. 314-832-2287.**
